LUNCHEON

"Looking at the world in a new way"

Prof. Dr. Thomas H. Zurbuchen

Prof. and Director of ETH Zürich | Space

Thursday, 6 March 2025
Haus zum Rüden Zurich,
12:10 p.m.
(Apéro from 11:45 a.m.)

Prof. Dr. Thomas Zurbuchen is currently working as professor and Head of ETH Zurich | Space and as a speaker, consultant and board member. He was the longest continually running Head of Science at NASA from 2016 to 2022 responsible for 130 missions with 37 launches including JWST, Parker and Perseverance. Previously, he was a Professor for Space Science and Aerospace Engineering at the University of Michigan. Also, founder of the largest Entrepreneurship program at American Universities - the Michigan Center for Entrepreneurship.

He holds an MS and PhD in physics/astrophysics from the University of Bern and received many awards and recognitions, including membership of the International Academy of Astronautics.

We look forward to your participation.

Petra Hanselmann
President

Thierry de Sépibus
Chair of the program committee
